WHAT WERE HARDING'S THOUGHTS AS HE VOTED?

This photo, taken when the Republicans were being swung into power by an overwhelming majority in the nation-wide elec-

tions, is interesting. It shows Warren G. Harding, now president-elect, and his wife and personal secretary waiting in line in

the garage voting booth to cast their ballots early election day morning. Harding appears seri-

Dry Bill And Park Proposal Both Carry

While figures had not been tabulated at the election board offices up to Thursday afternoon on the wet and dry referendum (the Crabbe bill) it is that this county gave a large majority for the law enforcement bill. Accurate figures were also unobtainable Thursday on the question of whether a park commission should be appointed in the city of Coshocton but it is that the majority voted in favor of the proposition.

Definite results will probably be announced Friday on both these questions, as well as on the school tax levy propositions voted upon in several townships of the county.

COLUMBUS, Nov. 4.—Returns this morning indicated that President-elect Harding's plurality in Ohio may exceed 400,000; that governor-elect Davis has a lead of more than 120,000 over his opponent, State Auditor Donahey; that the majority of U. S. Senator-elect Willis over Julian will be over 300,000; that the Crabbe bill has been upheld by a majority exceeding 100,000; that the entire Republican state ticket has been elected; that all Democratic candidates for congress in Ohio have been defeated and that a number of Ohio counties have gone Republican defeating Democratic county tickets for the first time in the history of the state.

Returns from 6,620 precincts give Harding 1,085,216; Cox 714,923. Returns from 6,620 precincts give Davis 937,143; Donahey 816,715, Davis having a lead of 120,428.

629 precincts give Willis 965,587; Julian 658,383; Willis majority being 307,204.

7,755 precincts give Marshall, for chief justice of the supreme court, 430,451; Nichols 319,912; Marshall's majority being 111,539.

3,737 precincts on the Crabbe act give Yes 483,596; No 434,422. The dry majority being 49,173. These figures, dry leaders claim, indicate the Crabbe act will be upheld by a majority of over 100,000.

Available returns indicate that the Democratic representation in the state will be 2 senators and 15 or 20 representatives out of a total of 157 legislators.

The state supreme court, it appears, beginning next January will consist of six Republican judges and one Democratic judge, Johnson of Springfield. The Republican judges are Marshall, Zanesville; Hough, Delaware; Wamsmaker, Akron; Jones, Jackson; Matthews, Van Wert; and Robinson, Marysville.

By unprecedented pluralities, Lieut. Governor Brown, Secretary of State Smith, Attorney General Price and State Treasurer Archer have been re-elected and Joseph T. Tracy for State Auditor, elected.

Indications are the representatives of the dry cause, the farmers, and the negroes in the next legislature will be increased over previous legislatures.

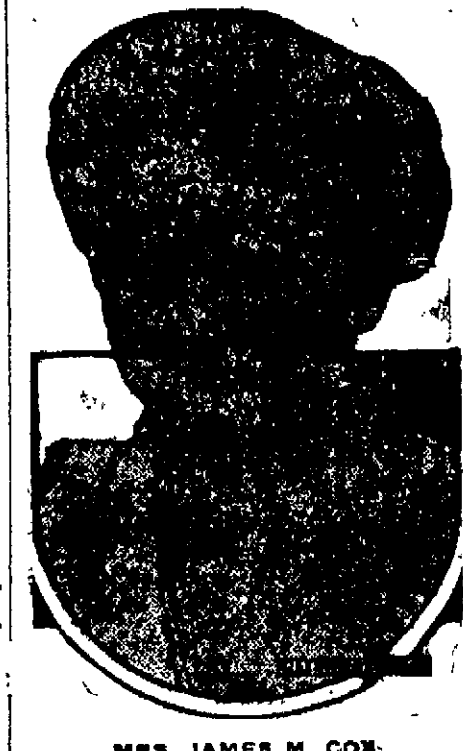

Cox carried only 8 of Ohio's 88 counties: Brown, Butler, Crawford, Fairfield, Holmes, Monroe, Pickaway and Shelby.

Of the normally Democratic counties in the northwestern part of the state, Shelby is the only one carried by Cox.

Donahey carried 22 counties, including Cuyahoga, Montgomery and Franklin.

DEMOCRATS ELECT SEVEN COUNTY OFFICERS AND REPUBLICANS SIX

BARR AND DEMUTH ELECTED SENATORS

Tuscarawas-co's vote on state senator was: Foster, 7,020; West, 10,345; Barr, 10,625; Demuth, 11,200. Guernsey-co reported Foster, 6,317; West, 5,819; Barr, 7,939 and Demuth 7,780. The vote in Coshocton co was: Foster, 6,582; West, 5,379; that the two Republicans, Barr and Demuth, were elected.

REPUBLICANS GET TWO COMMISSIONERS

Ralph F. McConnell, R, Washington, rolled up a surprisingly high vote in the race for county commissioner, finishing first with a total of 6,067. J. J. Gamertsfelder, D, finished second with 109 votes less than McConnell and Val H. Fortune, R, finished third with only seven votes less than Gamertsfelder. Fortune's heavy vote was one of the surprises of the campaign.

It is believed that the three new commissioners are all well worthy of the confidence placed in them by the voters and that they will do their utmost to give the county more gravel roads. John W. Kaufman, who was looked upon as a sure winner, finished fourth in the race, receiving 50 less votes than Val Fortune. Scott Davis and A. H. Hootman, present county commissioners, were both defeated for second term.

Returns Came In Quickly This Time

Carl Shraake, presiding judge in Ward Threes, Precinct C, was the first to make his return to the county board of elections office after the counting of the ballots Tuesday night. The election officials in all the 82 precincts of the county making a record for promptness in making returns this year. Usually one or two precincts are missing the day after election.

Frederickson, president of The American Art Works, is one of the twenty-four Ohio Republican presidential electors. SCOPE OF REPUBLICAN VICTORY EXCEEDS EVEN WILDEST HOPES OF G. O. P. LEADERS IN CAMPAIGN

Dazed, Yet Happy, Republicans Watch Reported 30,000 Democratic Victory In Kentucky With to Almost Nothing, With Strong Likelihood of State Going 5000 For Harding

LOUISVILLE, Ky., Nov. 4. — The possibility that Kentucky may be won in the Republican column in the senatorial race became a probability today when Chasley Searcy, Republican manager claimed the Republican candidate Ernst has defeated his opponent by 10,000 and that Harding has carried Kentucky five thousand votes.

Democratic congressional officials are firm in the belief that Cox will carry the state by a small plurality and

One Train Cuts Off Boy's Legs; Another Cuts Off His Hands

DETROIT, MICH., Nov. 4. — One train cut off the legs of Walter Frantz, 11, and almost at the same instant a second train going in the opposite direction cut off his hands when he fell between the passing cars late Wednesday. The boy lived but a few minutes. He was playing on a box car when a switch engine backed down and struck the cars, throwing the boy to the ground with his feet under the car on which he had been playing. His hands fell on the parallel track and the second train went over them.

ASHBROOK'S ELECTION IS STILL IN DOUBT

Whether or not Congressman Wm. A. Ashbrook has been defeated for reelection by Wm. M. Morgan was still in doubt Thursday afternoon. The Ohio State Journal and the Zanesville Times-Recorder both reported Morgan's election by 900 but telegram from Ashbrook to Postmaster C. A. Lamberson reported Ashbrook had won by about 90 votes. As the election board's unofficial totals give a majority of 1630 in this county or 24 less than the 1654 majority reported Wednesday this would cut his majority down to about 70. The official count may be necessary to determine which has won.

Fortune, R, will serve from September 19, 1921 to the second Monday of January, 1926.

WEALTHY MAN IS KILLED IN HOTEL

NEW YORK, Nov. 4. — An autopsy was held today on the body of Leeb Vaughn Waters, globe trotter, and member of a wealthy Rhode Island family who was mysteriously murdered in the Plymouth hotel yesterday.

Waters evidently had been beaten to death with his own gold headed cane which was missing from the apartment. The police are searching for a shabbily dressed young man who accompanied Waters to the hotel and registered as James Dunn.

That robbery was not the motive was indicated by the fact that Waters' jewelry was not taken. It included a \$2,000 diamond ring, a wrist watch and a gold trimmed wallet.

Mrs. Horace Waters, the dead man's mother, who has been living at the Grammatan hotel, at Bronxville, is prostrated and is under the care of a physician at the Commodore hotel. She and her son had planned to sail for Europe in a few days to spend the winter.

It has been learned that Waters played auction bridge at the Delta Kappa Epsilon club until 11:30 Tuesday night, but he did not arrive at the Plymouth hotel with his companion until 8 o'clock yesterday morning. The noisy blows and shouts in Waters' room aroused other occupants of the hotel and complaint was made to the clerk who went to the apartment to investigate. In the excitement over the discovery of the body "Dunn" escaped.

Waters was 48 years old and was formerly the husband of Baroness Blanc, at one time a stage favorite. They were divorced shortly after their marriage. Waters has spent most of the recent years in travel.

Birth Note

A baby daughter was born Tuesday to Mr. and Mrs. Edward Wright at their home in Willow Brook.

The Great Farm Combine Of 1920

TWO unprecedentedly formidable movements by producers for the control of those great agricultural staples, wheat and cotton, are now rapidly approaching the critical stage.

The National Wheat Growers' Association, representing the largest grain areas of the country, meeting at Kansas City on April 22 last, voted to attempt the formation of a huge combine to better market conditions. From the headquarters of this association and from various wheat-growing sections appeals were frequent during the entire summer urging farmers to unite in defense of their own interests.

A rather voluminous literature in furtherance of the movement has already come into being. It is stated that this year's wheat crop is the most expensive ever raised; that farm workers called away by the war have returned to the fields in small numbers; that \$2.75 a bushel will only cover the bare expense of growing the wheat and that all farmers should hold out for a minimum price of \$3.

Apparently, after much work in organization and perfection of plans, a proclamation some days ago fixed Oct. 25 as the date on which all sales of wheat by farmers should cease and storage of all grain remaining in their hands should begin.

The association is now said to have 70,000 members. In Kansas alone it is estimated that nearly 100,000,000 bushels of wheat is stored on farms and less than 5,000,000 in elevators to meet an immediate demand for five times as much. Washington and Idaho wheat growers, unaffiliated with the Middle West movement, are reported to have 400,000 bushels in storage awaiting \$2.50 a bushel.

The cotton movement in the South shows even greater determination. A minimum price of 30 cents a pound is demanded. The effort to prevent immediate marketing has been attended by some disorder and burning of gins, but reports to this effect are said to be much exaggerated. A total of less than 25,000 bales is declared to have been destroyed and many of the fires were accidental. A survey of the chief cotton states shows that 1,000,000 bales are now stored in Mississippi and Tennessee, 300,000 in Louisiana and proportionate amounts in other states. Pointing out that cotton stored for 32 years had not deteriorated, planters reiterate their slogan, "30 cents or starve."

While the two movements were gaining strength, wheat fell below \$2 and cotton below 20 cents. Two days after Oct. 25, however, wheat rose to \$2.10. With cash wheat in the vicinity of \$2.30, the December option closed Monday at \$2.11 1/2. If enough farmers share in the effort and stick long enough, both movements can be made a success, for the world needs wheat and cotton, but will they join and will they stick? It is, of course, only utilizing the familiar principle of control by combination, but peculiar difficulties hamper such utilization by farmers.

Is the fact that all past efforts of the sort have failed a reason for predicting failure in this case? Farmers are more prosperous than formerly. They are oppressed by fewer mortgages and they understand market conditions better. If one or both movements succeed, the effect on consumers may command more attention than the effect on producers. Farmers are exempt from the trade restraint laws. If they can force cotton to 30 cents and wheat to \$3, why not to 40 cents and \$4?

Success would revolutionize all world conditions determining crop prices in the past.

New York Day-By-Day

By O. O. McINTYRE

NEW YORK, Nov. 4.—There are Greek coffee houses dotting the East Side where women are bought and sold for a dollar. It is in these shabby cafes, reeking with the smell of stale nicotine, soured wine and kitchen refuse, that the cadets report to those who barter in women's souls.

A young immigrant girl traveling from a factory town in New England to New York and caught in the white slaver's net was held a prisoner two days in one of those questionable hotels that share in the spoils of white slavery.

By a mere accident, she escaped and the sleek young cadet who en-

snared her was caught. He admitted he sold the girl for a dollar because "she didn't have any classy duds."

At each of the great terminal stations there is now established a White Slave Squad. Every young girl who arrives in the city unescorted is watched carefully. If she is not met by friends, she is followed until it is found that her destination is a proper one.

For there are taxicab drivers who are in league with white slave agents and if a hotel is suggested he will take his fare there, go into the office and report that all rooms are taken but he knows of a very "quiet and

respectable" place where she may find a night's lodging.

The rest is up to his confederates. One of the most notorious of the cadets is known in the underworld as "Snapper." He is frequently seen in Broadway haunts where he exhales generosity and urbanity. A certain polish conceals his baser purposes.

He has a gaudy looking car, dresses in fashion and frequently appears at the theatre in evening clothes. Only once has he been caught in the police clutch. Suavely he explained it all and in such a manner that there was nothing to do but release him. Yet the police are certain that the disappearance of many girls can be traced to him.

The death of John Deed in Russia of typhus was received with great sorrow among the writing fraternity in Washington Square where Reed lived. A Harvard graduate, a young man of unusual literary attainments, he elected to cast his lot with the Soviet government of Russia. His radical stands in the past few years alienated him from old friends but while they feel that he was misguided, they nevertheless, know he was sincere. It is said that he was once offered the editorship of a great national weekly but he refused it because its views were not his. His last few years were spent practically as a fugitive—riding as a stoker in ships, crawling over boundaries and thru forests. He was barred from his own country.

He was a stern old fellow of gruff visage and it was evident that the traffic complexities of a great city had not sweetened his temper. He started across Fifth Avenue. Behind him was an alarming honk and the fender of a car stopped within a few

WALT MASON LANDLORDS

I am looking for a shelter for my dachshund and my wife, and I can't, better shelter, through the city's noise and strife. I would rent some humble attic two miles higher than the street, but the landlord plutocrat names a price I cannot meet. I would rent a rustic basement underneath a squalid flat, but the landlord from his casement, names a price that lifts my hat. Oh, the landlord is a peltor wamp who scalp me with his knife, and I wander, seeking shelter, with my dachshund and my wife. Up and down the streets I trundle, with my money in my hand, but my paltry little bundle doesn't seem in much demand; through the town I've roamed and rubbered, and I hunt for lodgings still, but one cannot rent a cupboard with a fifty dollar bill. And the landlord, fat and greasy, pays no heed to my despair, to my baggyard checks and checks, to the show that breaks my hair. He has no respect for sorrow, if I wish to rent a berth, I must go and steal or borrow more than this old coop is worth. When in summer heat I swelter, when the winter storm is rife, I must vainly seek for shelter, with my dachshund and my wife, and some morning you will find us lying in an alley dead, with our trail of smoke behind us, and a bitter sky overhead.

OHIO DOCTOR TOOK DRECO AND DECLARES IT TO BE A GOOD, SAFE HOME REMEDY

Says Dreco contains the same medicine he has been prescribing for fifty years to relieve stomach, liver, kidney and bowel troubles.

"I am opposed to reckless praise of anything I have lived too long and seen too many things come and go in my fifty years of practicing medicine here in Ohio, but in fairness to Dreco, I am willing to openly endorse it after having taken this medicine myself," said Dr. John W. Fletcher of 819 Grant St., Springfield, Ohio.

"Before taking this medicine, I investigated what it was made of and found it contained roots, herbs, barks and leaves, which I have been prescribing for years in kidney, liver, bowel and stomach troubles, and I

My nerves were more steady and my bowel action was easy and regular every day. My sleep became sound and restful and my appetite very keen. Health of Nose, Throat And Lungs

THURSDAY HEALTH TALK NO. 37

By R. E. Lynch, D. C., Ph. C.

Health turns the Clock Backward

The health of the nose, the throat and the lungs is important at this season of the year. Nasal stoppage is not only unpleasant, but dangerous. Sore throat interferes with digestion and unless quickly mastered, infects the system. Lung ailments are responsible for more deaths than any other single group.

All these forms of weakness are caused by slight or serious displacement of joints of the spine in the region at the base of the neck. The trouble may be aggravated by bad, or stooping position. Chiropractic spinal adjustments remove the pressure upon spinal nerves to these organs, and with this pressure removed, the healthful condition of nose, throat and lungs becomes a certainty.

No Return of Trouble After More Than a Year

"I suffered untold misery from asthma and catarrh, ever since I was a girl. I could not lie down at night. I tried one doctor after another, and every patent medicine I heard about. About sixteen months ago I started chiropractic adjustments and became well. It is now more than a year since, and I have had no return of the ailment." Matilda J. Sears, Chiropractic Research Bureau, Statement No. 1238H.

NEW YORK HAS NEW BOMB EXPLOSION

NEW YORK, Nov. 3.—A flurry of excitement was caused during the rush hours today by an explosion in a vacant lot near the Grand Central station. The shock of the explosion shook adjacent buildings and caused great excitement among hotel guests. Phil Bekeard, of San Francisco, an explosion expert, declared he was of the opinion the explosion was caused by a bomb and turned over to the police what he claimed was the residue of a bomb. A 14 year old boy was seen in the vacant lot lighting some substance a few minutes before the explosion.

Says His Prescription Has Powerful Influence Over Rheumatism

Mr. James H. Allen suffered for years with rheumatism. Many times this terrible disease left him helpless and unable to work.

He finally decided, after years of ceaseless study, that no one can be free from rheumatism until the accumulated impurities, commonly called uric acid deposits, were dissolved in the joints and muscles and expelled from the body.

With this idea in mind he consulted physicians, made experiments and finally compounded a prescription that quickly and completely banished every sign and symptom of rheumatism from his system.

He freely gave his discovery to others who took it, and with what might be called marvelous success. After years of urging he decided to let sufferers everywhere know about his discovery through the newspapers. Wimmer-Arnold Company has been appointed agent for Allegheny in this vicinity with the understanding that he will freely return the purchase money on the first two bottles to all who state they received no benefit.

I have had itching piles ever since my earliest recollection. I am 53 years old and have suffered terribly. I have tried many remedies and doctors, but no cure. About 5 weeks ago I saw your ad for Peterson's Ointment. The first application stopped all itching, and in three days all soreness. I have only used one box and consider I am cured. You have my grateful heartfelt thanks and may everyone that has this trouble see this and give your ointment, that is worth a hundred dollars or more a box, a trial. Sincerely yours, A. Only Five Ace Trucks for this County at Factory Price

IMMEDIATE ACTION will enable you to get an Ace Motor Truck at the factory price. Your saving will be hundreds of dollars. You will be entitled to direct factory service and free monthly inspection by our road men.

The Reason for This Offer

As there is no Ace Dealer in this county, and as this county can be quickly and efficiently served direct by our factory organization, we decided to allot five trucks to the district and to handle all details from the home office. This should be a very acceptable arrangement from your standpoint.

Your Benefit

In this way you deal direct and save the middleman's profit. You save a long freight rate. Your business is handled by an expert sales and service department. You have all the resources of the manufacturing plant at command. Our experience in solving transportation problems is available direct.

Quick Action Needed

The prices of good motor trucks cannot be reduced. The winter demand is increasing. If you need a truck, it is wise to buy now. Ace Trucks are made in 1½, 2½ and 3-ton models, with standard unit parts of the highest quality.

An investigation of Ace Trucks will prove

their strength and durability for continuous hard work.

With only five trucks assigned for this territory, and with a possible early withdrawal of this Dealer's Discount direct to the purchaser, we cannot guarantee deliveries after the present allotment is taken.

November 20th, just when you need the goods and the savings most
at almost old time prices. It has been years since merchandise of our high standard has been sold at such low prices

IMPORTANT!

Read Carefully!

—About 3 months ago, we anticipated the recent price reduction change and buying accordingly, we kept our stocks at the lowest possible point, the result being that we were in a position to take advantage of the new lower price levels.

—The importance of this to you, lies in the fact, that, in a great many instances, you may choose from freshly bought stocks instead of from shop worn goods, as is the case in the sales of average stores.

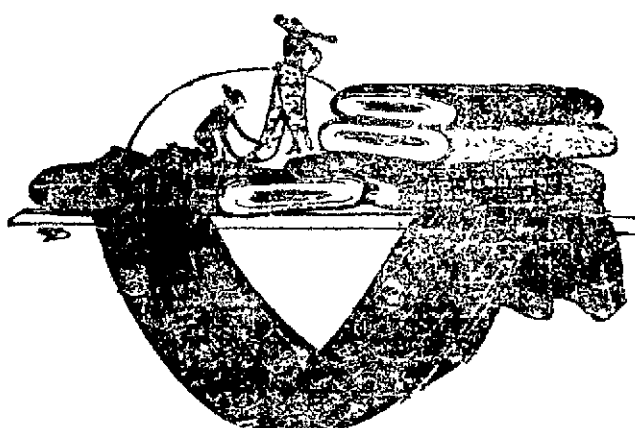

—Of course, we have included our own regular stocks and are taking our loss on them, but in many cases, the items we are offering are shown for the first time in this sale.

—And you may be sure that every article is of that same high quality standard that has kept the Ransom store in the lead for more than 38 years. We never handle "seconds" of anything, so it would be well to consider quality as well as price, when comparing other store's offerings with ours.

We are satisfied to leave this part entirely to you, for the past 38 years have proven that you like the quality of Ransom's goods and surely this is of much importance in this reconstruction period.

WILSON BENT LOW BUT UNCONQUERED BY CRUSHING BLOW WILL STRUGGLE ON

White and Haggard But With Jaw Firm Set Will Continue Fight For the League

WON'T ACCEPT DEFEAT

Enlists In War From Which There is No Discharge and Wearily Resumes His Task

WASHINGTON, Nov. 3.—President Wilson awoke this morning to build up a shattered hope—with worn out tools.

Despite the terrific slashing blow dealt yesterday by his countrymen at the polls, he roused like the battle-torn veteran he is and reported at his desk for duty.

He was ready to carry on the duties that will be his until March 4. If his shoulders are stooped they took up the pack no less willingly. If his cheeks are pallid, his jaw is set firm and square. If his hair is white the keen brain beneath it turned not less insistently on the instant need of things.

Friends of Wilson call him a soldier, enlisted for the duration of the war. Tumult, the man closest to him, for ten years, said:

"He will never quit. He will fight with his last breath for the consummation and vindication of the league of nations."

He met his worst defeat yesterday the failure of America to accept the peace of the world, as he sees it, so today broken in health, solitary, lonely, old before his time, his wounds untended except for the first aid bandages of his own spirit, he rose wearily to his task and set forth with halting steps on the counter attack to win against the prestige he had lost, for there is no discharge in his war.

The President listened to the returns in his study last night. None of his political family or adherents were with him and Miss Bertha Bolling.

mother and sister of Mrs. Wilson, called for a time, but the President and his wife received the bulletins from the messengers and read them together during the early evening.

Admiral Grayson, the President's friend and physician, dropped in and carried the verbal reports of the politicians and newspapermen and the executive offices.

FESS CALLS IT A SOBERING VICTORY

SPRINGFIELD, Nov. 3.—Congressman S. D. Fess, Seventh District and chairman of the congressional national republican committee today voiced his appreciation of the services of the women in his district, who aided in his reelection yesterday. Congressman Fess said his majority over Lieut. Dye, Urbana, Democratic opponent, will be about 18,000 or 20,000.

"I am glad to go back to congress," declared Fess.

"It's a great opportunity. No party ever had such an opportunity as the Republican will have in the next four years, enough to sober any one seeing such responsibility."

DAYTON, O., Nov. 3.—Governor Cox today acknowledged defeat by sending to Senator Harding the following: "In the spirit of America I accept the decision of the majority, tender as the defeated candidate my congratulations, and pledge as a citizen my support to the executive authority in whatever emergency might arise."

Sure Relief

CERTAIN RELIEF FROM BRONCHIAL ASTHMA

Simple Home Treatment Makes Breathing Easy

Just because you start the day tired, lifeless, worn-out from loss of rest and the difficult breathing of miserable Asthma—do not think you have to stay this way long.

Be strong and well, breathe clearly and easily again by using this simple treatment known as Oxidaze, the prescription of a Worcester, Mass., physician.

For any form of Asthma where the bronchial tubes are irritated, the breathing short and difficult, its healing, relieving action is really wonderful. Sufferers who can't breathe at night and who gasp for a good, clear breath will appreciate the relief and comfort Oxidaze gives.

Oxidaze is a tablet made from essential oils which, when the patient dissolves in the mouth, almost immediately soothes the irritation, clears out the choked up air passages and enables the sufferer to breathe easily and get a real comfortable night's sleep.

It is sold by Wimmer Arnold Co., leading druggists, who agree to refund the full purchase price of the first package to any sufferer who does not obtain satisfactory relief. Asthmatic sufferers should give Oxidaze a trial. It is harmless and inexpensive.

LOCAL MILLER IMPORTING CANADIAN WHEAT

For the first time in the history of Coshocton county, the local mill has found it profitable to import Canadian Wheat into this ket.

The discounts on English money has made a decided differential between the price of Canadian and American wheat. This discount aided by the lower water rates for shipment by lake enables the Ohio mills to purchase their supplies, for the first time, at a competitive figure.

The first receipts were three cars which arrived on track Monday evening. Graded No. 1 Dark Northern Canadian. Test weight 61-1-2 lbs. to the bushel. It is a very hard and flinty wheat containing the highest protein and gluten content of any wheat raised in the world.

EVER read any of PETER B. KYNE'S stories? Then you can just about imagine how thrilling his story, "THE THREE GODFATHERS," is when we tell you that three marked men are forced to adopt a tiny baby, just born in the terrible heat of the desert and with terrific odds against them, bring the child to safety. Do they do it? Wait and see in this great play how Fate can re-arrange their lives in "Marked Men."

CHILDREN'S EYE ERRORS

About every so often we like to run an ad intended to cause parents to think about the eye welfare of their children. Until the day comes when they should, many children will be neglected in this respect. Parents, your children cannot succeed as they should if they are deficient visually.
